
OUTDOORSY

The Trend Bunker Team have been tracking the trend for outdoors inspired styling.

OUTDOORSY

This outdoors styling trend blends practical performance outerwear with tailored and fashion pieces. Techno fabrics traditionally seen for hiking and performance wear are mixed for a fresh update to the atheleisure trend

OUTDOORSY

Performance and outdoor fabrics are mixed with softer casual looks, giving a new take on the urban military look. Nylon is a key fabric, combining two currently emerging trends. Neoprenes are colour blocked and edgy with over sized pocket details
