

OUT OF THE WOODS *MOOD*

Our urge to connect with nature grows deeper as we become more conscious of living life in a 'real' way.

Continuing the trend for our need for design to add value to our lives we seek inspiration in nature. We bring the outdoors into our homes to feel closer to nature.

This trend looks at classic country looks and gives them a modern twist. Think lady of the manor with a Scandinavian influence.

A return to handmade items with fairisle sweaters, tweeds and cord come from heritage roots adding a sophisticated charm to Autumn.

Shapes are relaxed and slightly oversized.
