

BOWS

The Trend Bunker Team have been tracking the bow detail trend from catwalk to street styles.

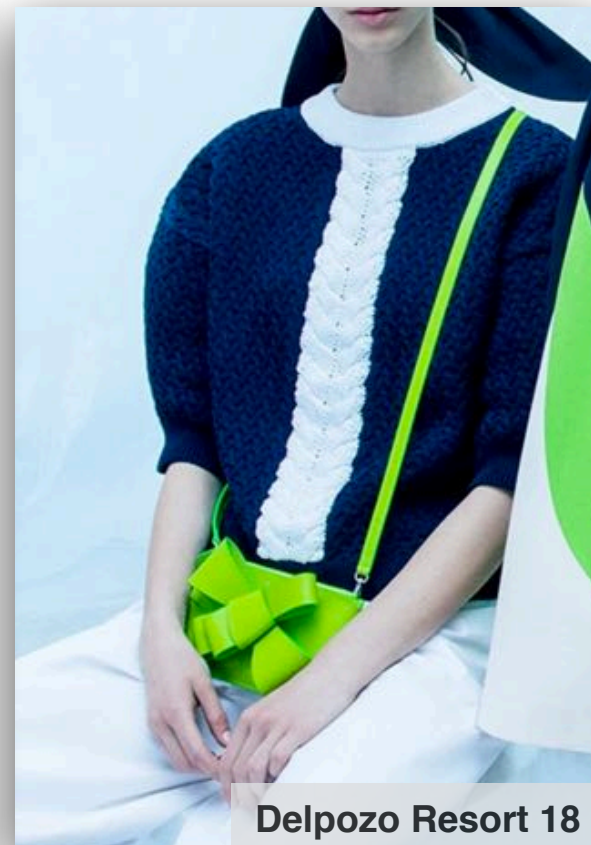

BOWS

The bow trend was everywhere - from Runway of Fall 2018 to the Streets at Fashion week. So bows are taking on a life of their own for 2019.

Oversized, like ties on the waist or as a multi-layered decor on tops. Special attention is given to the pussy-bow blouse as the emblem of new femininity, now as a detachable element to make for more versatility. On bags, shoes and belts, the trend gains momentum over the next seasons.
